## CELESTIAL EMPOWERMENT QUANTUM HEALTHCARE, LLC OPENS IN FARMINGTON, CT, at 1533 New Britain Avenue, Suites 1 & 3

Celeste E. Mattingly, LCSW, has found a spectacular new location and formed a new LLC to promote her revolutionary work in Quantum Healthcare. Two Tachyon Chambers are available for participants' use in her new site! They are positioned one above the other on the two floors, and each contributes to the other's generative powers and efficacy. Suites 1 & 3 are high-frequency spaces and beautifully decorated.

Celeste E Mattingly, LCSW, is a 72-year-young psychotherapist and quantum energy healing practitioner. Her customers continue to be enormously impressed with the ultimate relaxation and multidimensional healing results of the Tachyon Chamber for Quantum Healing & Antiaging meditation sessions and Tachyon products.

Celeste says, "Tachyon immediately resonated with me! I know it is an accelerated healing opportunity and a way to assist the evolution of our species to homo-luminous beings. I am thrilled to announce there are now 2 Tachyon Chambers up and running in this spectacular new location!"

The complete name of her new LLC—Celestial Empowerment Quantum Healthcare Educational Tools & Gifts, tells the story. Celeste will provide workshops for professionals and students of quantum healing—along with tachyonized products and tools for healing and anti-aging. The Cosmos Tachyon Chamber pictured above contains over 150 lbs. of Tachyonized crystals and products designed to emit the highest concentration of Tachyon energy possible. Participants report experiencing everything from deep relaxation and stress/pain relief to the reversal of medical conditions.

Tachyon Chamber Quantum Healing and Anti-aging meditation sessions cost \$2.00 per minute in the Cosmos Chamber and \$1.50 per minute in the Galaxy-Style Chamber. They are available in increments of 30, 45, 60, or 90 minutes. Multiple session package deals are available. A printable PDF of pricing is available on the website.
