

Mission Statement

Celeste E. Mattingly, LCSW, has been in private practice as a psychotherapist since 1999, when she founded Psychotherapy Healing Services, LLC. She carefully crafted her mission statement with a promise to provide state-of-the-art energy medicine modalities in combination with traditional psychotherapy. This promise led to the creation of Celestial Psychology® —a theoretical framework for consciousness-raising with psychotherapy and energy medicine modalities, such as Reiki and Reconnective Healing. Her two books are available on Amazon. Celestial Empowerment with Celestial Psychology is the most advanced work we can do for personal and planetary transformation.

Celeste is now thrilled to be adding the use of Tachyon Energy, Tachyon Living Products, and now the genuinely state-of-the-art Tachyon Chamber to her work.

Tachyon Living Products, including the Tachyon Chamber, are produced in Arizona. The founders are on a mission to flood the Earth with these healing frequencies. Celeste is thrilled to be sharing their mission, as contributing to the uptick in humanity's consciousness is her life's dharma.
